## Our options

### welcome

Are you looking for good childcare options? We've got just what it takes! With over 40 years of experience we are the trusted providers of childcare in Zeeuws-Vlaanderen.

At Kinderopvang Zeeuws-Vlaanderen we offer the best of two worlds: the personal and cosy atmosphere which is typical of a small daycare centre and the knowledge and experience of a large professional organisation. In this safe and stimulating environment children have plenty of space to grow and develop, and to discover the world around them.

Our pedagogical staff do not use a "one size fits all" approach, but instead respect the importance of every child getting the personal attention it needs to develop at his/her own pace.

Trustworthy,  
affordable  
and always nearby

### Daycare

A safe, trusted and stimulating environment for children from 0-4 years, with experienced pedagogues and familiar faces. We offer tailor made care: warm, loving and with attention to every step of growing up. Our fantastic locations consist of multiple areas in which staff provide activities suitable for each age group. We also offer pre- and early-school education (VVE) which enables a smooth transition to primary school. Your child will feel at home very quickly, allowing you to go to work without worry.

### preschool

At preschool your child will go on a journey of play and language development. Through play activities, your child will be taught many new words and encouraged to use the language. We work with pre- and early-school education (VVE) and themes, but of course there is also plenty of opportunity to play with the other toddlers. When your child is ready for primary school, we provide a warm transition to the school of your choice.

### Before and after school care

This is a place for children from 4 – 13 years to feel at home. With friends and lots of activities, including during the holidays, time will fly! Whether it is playing outside, or recovering from a whole day at school or perhaps doing some homework, it is all possible at our before and after school care.

### Before and after school care plus

For children that require special care, we offer something extra: smaller groups, more structure and guidance. For 4 – 13 year olds.

### Childminders

Customised care: small scale, flexible and above all, homely care for children from 0 – 13 years.
